Jeanna, I looked through some of this info. Ex. 6 Personal Privacy (PP) has obviously put in a great deal of time and passion into this data. The problem I have is I don't see what SDWA can do with it. Like I said on the call with Rick even if there was a SDWA component we cant issue a 1431 Order without knowing who the offending party is. Since Carol Amend thought it worthy of CID we might as well give them all this info and let them sort it out.

Any thoughts?

Amy,

Here's everything except the email from Carol to CID which I will forward separately.

Thanks,

Rick
